

ORIENTATION TO THE BERTHOUD GUN CLUB

The following is information, rules and regulations for the Berthoud Gun Club that are to be adhered to at all times while you are on the properties leased and operated by the Berthoud Gun Club. You are expected to have read and understand the Bylaws of the Berthoud Gun Club. If you have a question about one or more of our Bylaws or rules please ask the question and get a clarification. It is better to understand and follow the Bylaws and rules than to have your club privileges suspended or lose them all together because the Bylaw or rule was misinterpreted.
